WITH SUCH AN OVERWHELMING RESPONSE, WE HAVE SCHEDULED 2 DIFFERENT DAYS!

Aitreyia's field-trip is almost full! If you would like to experience the GEM SHOW as never before, plus receive wholesale prices. It is a fun day of learning and experiencing the beautiful vibrations of the minerals. We help eliminate the often overwhelming feeling of the show & guide you through the different.

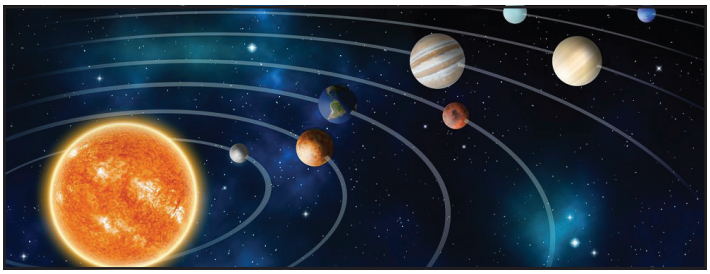
Join us as we begin our Annual field trip to the Tucson Gem Show with Aitreyia. Each year the beautiful spirit crystals move into Tucson for a few weeks, bringing us energy from around the world. With this energy, comes a vibrational change for all of us. Each crystal and stone offers its unique vibration to help prompt healing and movement in each person's life.

Aitreyia & Silver Wolf will hold a discussion about the properties and healing benefits of crystals and stones before taking us to the gem show. Each vendor will teach the group a little about the products that they have, and by the end of the day, every-one will feel more enlightened and excited about the world of stones, minerals and crystals. Bring cash & credit card(s) for purchasing the crystals and gems. *Transportation to gem show location is not provided."

{Trip ends at 3pm, however if you'd like to stay later, feel free}

The 2020 "Societal Reset" & "The Great Transformation" 2020-2030

January 2020 when the Sun, Mercury, Ceres, Saturn and Pluto all nearly perfectly align on the 12th of January. At that time,



Juno and Eris will be square this conjunction and the Moon will be in opposition (new on the 10th). Jupiter is also in the same sign as the conjunction - Capricorn.

In the year 2020, three major planetary cycles complete and begin anew, creating a societal reset and the start of the "The Great Transformation" occurring throughout the next decade. Saturn-Pluto synod occurs on January 10, 2020 initiating a new 34 year cycle. Followed by Ceres and Mars.

Between January and December 2020, three major planetary conjunctions will occur as Saturn and Jupiter come into conjunction with Pluto in a rare three planet alignment in Capricorn before making their own conjunction with each other in Aquarius. This is one of the most astrological configurations of the modern era.

There are many change and transformations expected throughout the next 10 years. On a spiritual note, all of these changes are prompting us to clear away anything that is not in alignment with who we truly are. In order to do this, it is important to become aware of what we are creating and begin to change our behavior. In order to create a more harmonious life, look at everything we think, say and do, that might be causing disharmony and imbalance within our lives.

Spirit has orchestrated a beautiful universe that is designed to help us with this transformation. The Sun brings us alive, the moon helps us with compassion and the planetary alignments all play an active role in the energy coming into our 3 dimensional world.

It is a well-known in the scientific community that the sun, moon and planets have a direct effect on people. The mental, emotional and physical bodies react in different ways, from haziness and confusion to anxiety and even physical illness.

Louis AND Spiritschild!

Being blessed knowing Louis since the meeting of his first performance in October 2011, I am amazed at all he has accomplished since then. He is a great entertainer, sharing his stories, performed throughout the world {as well as at Red Rocks in his home town of Denver} and has won several awards for his music, several in the genre of New Age.

He loves performing at SpiritsChild, because of the energy of our space, even though it's a smaller space and considers us family. He confided in me that each time he performs here, he has a great spiritual awareness afterwards.
